Description:

Review Daniel Dorr's KISSING KILIMANJARO is a marvelous story, the kind of narrative that will appeal to readers of hardcore mountaineering literature and casual travel mis-adventure stories alike. His observations about East Africa, the cultures and wildlife, and the adventure he ultimately circles in on--that is, climbing 'Kili'--are a delightful escape. --Cameron M. Burns, author of Kilimanjaro & East Africa: A Climbing and Trekking Guide

Entertaining --National Geographic Traveler

About the Author Daniel Dorr works a regular 9-to-5 job but he likes to mix it up a little: teaching

in Japan; rock climbing in Yosemite, the Alps, and the Philippines; working on a dairy farm in western New York; and traveling to East Africa for a climb (or two). With his wife Lisa he co-founded Kilimanjaro Adventures, a resource for outfitters and adventure dreamers alike.
