Description:

Contemporary Human Behavior Theory: A Critical Perspective for Social Work, 3e approaches HBSE

from a comparative theory perspective, providing coverage of the most current and contemporary theories as well as traditional theories.

It includes contemporary developments in traditional lifespan theory, theories of political economy, and a separate chapter on transpersonal theory. Each chapter includes coverage of the research that supports a particular theory, an analysis of the validity of that research, and a discussion of updated "Contemporary Issues."

The text encourages students to develop critical thinking skills in analyzing and comparing theories.
