Description:

Orgoman DAT Destroyer, in its simplest form, is a scholarly work created by Dr. Jim Romano to help students achieve their goal of high scores on the DAT. Many of Dr. Romano's students have exceeded the 90th percentile in areas of Biology, General Chemistry, and Organic Chemistry using this unique, comprehensive material. This blockbuster work helps students negotiate the labyrinthine path one must travel to a successful entrance into dental school. Under the aegis of Dr. Romano, Quantitative Reasoning is broken down into simple components allowing students to recall and retain math basics. General Chemistry is electrified, Biology is simplified, and Organic Chemistry is demystified. Step-by-step solutions to all problems are easily presented and Dr. Romano adds tons of additional concepts you will need to excel.
