Description:

Review 'His Brain, Her Brain will explain some of the deep mysteries of your marriage. It did for us! And our marriage is better for it. Don't miss out on Walt and Barb's message. This book is sure to improve your gender IQ!' -- Drs. Les and Leslie Parrott, Author, Founders of RealRelationships.com and Authors of Love Talk

From the Back Cover She reads people, and he reads manuals He doesn't ask for directions, and she doesn't appreciate his advice She is so mysterious, and he is so practical He does not seem to

listen, and she seems so emotional The list goes on and on ... In a world where men and women are constantly told they are not different, His Brain, Her Brain shows couples what they instinctively know---men and women are different, and these divinely designed differences, when understood, make a marriage stronger and happier. Combining the latest brain research along with their experiences in over three decades of marriage and counseling, Dr. Walt and Barb Larimore explain how the unique design of each sex, particularly the unique brain and hormones of each, results in different habits, tendencies, and nuances of thought and action. --This text refers to an out of print or unavailable edition of this title.
