Review

TheAtlantic.com

"A rallying cry for women to get the money they deserve."

Sheryl Sandberg, COO of Facebook

"A lot of getting ahead in the workplace has to do with being willing to raise your hand...If we as women don't raise our hands in the workplace, we're not going to get the same opportunities men do. Because men keep their hands up."

Nora Ephron, writer and director

“The words favored nations—that’s an expression all women should know. In other words, you always want to be paid no less than what anyone else is being paid.”

Arianna Huffington, president and editor in chief of the Huffington Post Media Group

“Just look around and you’ll see plenty of evidence that asking for what we want results not in the realization of our own worst fears but in getting what we want.”
