Description:

About the Author Beezix has been publishing quick reference computer guides for trainers, training companies, corporations, and individuals across the US and Canada for over 15 years. Founded by trainers, and with a strong focus on the learner, extensive industry experience made us aware of the need for a line of high-quality, trainer-produced courseware, and led to the creation of Beezix Quick Reference guides in 1994. Our cards are designed for casual computer users right through to trainers and trouble-shooters.
