Description:

NOTE: This “Books a la Carte” edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value; this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of the MyLab™ platform exist for each title, including customized versions for individual schools, and

registrations are not transferable. In addition, you may need a Course ID, provided by your instructor, to register for and use MyLab.

For anyone interested in improving his/her reading and thinking skills.

Improve reading and thinking abilities through targeted skill instruction and extensive guided practice across many academic disciplines.

Reading Across the Disciplines teaches essential college reading skills and guides their application in each of 10 academic disciplines and career fields. Kathleen McWhorter helps readers expand their vocabulary and comprehension, practice methods for reading and thinking critically, and enhance their ability to make inferences. The **7th Edition** also introduces discipline-specific reading strategies and features more than 20 new readings – selected from college textbooks as well as from books, periodicals, popular magazines, newspapers, and Internet sources – to motivate readers and demonstrate the relevance to their daily lives.

Available to package with *Reading Across the Disciplines*, 7th Edition (Books a la Carte loose-leaf edition), **MyLab™ Reading** is an online homework, tutorial, and assessment program designed to work in tandem with the text to engage students and improve results.
