Description:

From Library Journal The year is 1066 when Norman womanizer Rolf de Brize saves the life of a Saxon woman, Ailith, who tries to kill herself after losing both her husband and her child following the Normans' invasion of England. Installed as chatelaine of Rolf's English estate, Ailith resolves to remain chaste, but her determination is sorely tried by Rolf, who is already married and has a child. These are not simply modern characters dressed in medieval garb but very clearly men and women of their time, and their fascinating story is completely involving and believable. Chadwick (The Wild Hunt, St. Martin's, 1991) is a prize-winning historical novelist who does not romanticize what was often a dangerous and brutal time, particularly for women. Intelligent, enjoyable, and entertaining, this novel will be appreciated by readers of Sharan Newman's medieval mysteries (e.g., Strong as Death, LJ 8/96).?Elizabeth Mary Mellett, Brookline P.L., Mass.

From A young Saxon woman suffers the harsh consequences of the Norman invasion of England in this epic melodrama. After both her husband and brothers suffer violent deaths at the hands of the conquerors, Ailith temporarily loses her wits and attempts to take her own life. Thwarted by Rolf de Brize, a lusty, sympathetic Norman, Ailith agrees to assume the position of chatelaine of his English estate. Though she bears his child and spends many contented years as his mistress, she reluctantly realizes that the fundamental gulf that separates them is too wide to sufficiently bridge. When she discovers that Rolf has betrayed her both physically and spiritually, Ailith flees, bequeathing her young daughter a bitter legacy of love and loss. Historical romance on a grand scale. *Margaret Flanagan* --This text refers to an out of print or unavailable edition of this title.
