Description:

What hath the inexpensive personal computer, the portable cassette player, and the CD-ROM wrought? Are books as we know them dead? And does--or should--it matter if they are? Birkerts, a renowned critic, examines the practice of reading with an eye to what the future will bring. --This text refers to an out of print or unavailable edition of this title.

From Publishers Weekly In his jeremiad, literary critic Birkets predicts that the information superhighway will lead to an erosion of language and a diminishing of sustained critical thought. Copyright 1995 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.
