### Description:

#### About the Author

**Brien Posey** is a seven-time Microsoft MVP who is best known for writing about topics related to enterprise networking. In his nearly two decades of IT work, Posey has published thousands of technical articles and written or contributed to over three dozen books on a variety of subjects.

In addition to writing, Brien routinely speaks at IT conferences and engages in various consulting projects.

Prior to going freelance, Posey was a CIO for a national chain of hospitals and healthcare facilities. He has also previously served as a network engineer for the United States Department of Defense at Fort Knox.

When Brien isn't writing, he enjoys traveling to exotic destinations with his wife, shredding waves in his Cigarette boat, and scuba diving.

You can visit Posey's personal website at [www.BrienPosey.com](http://www.BrienPosey.com).
