## Description:

Rely on this comprehensive, curriculum-spanning text and reference now and throughout your career! It focuses on the rehabilitation management of adult patients, integrating basic surgical, medical, and therapeutic interventions to explain how to select the most appropriate evaluation procedures, to develop rehabilitation goals, and to implement a treatment plan.

The 6th Edition has been completely revised and updated to reflect the art and science of rehabilitation practice today. Now in full-color, you'll find a new streamlined, easy-to-reference design with even more photographs, illustrations and tables.
